

BORN LEARNING TRAIL HISTORY & CURRENT LOCATIONS

SB6 and Born Learning Trails...A little bit of History- Success By 6 began in Marion County in 2000 and in 2005 the Early Learning Coalition and United Way of Marion County created a unique partnership with the Success By 6 initiative with a primary mission of ensuring all children in Marion County are ready to succeed by the time they enter school.

The Born Learning Trail...What it is- an interactive early learning trail designed for children to use with the help of an adult. The Trail consists of 10 signs that contain activities designed to promote parent- child interaction with early learning skills such as: letter naming, rhyming, using words, and identifying numbers, shapes, and colors as well as using imagination, creating and telling stories
